

# **LORENTZ FORCE DETUNING COMPENSATION IN FERMILAB CRYMODULE 1**

Y.M. Pischnalnikov, B. Chase, E.R. Harms, W. Schappert [Fermilab, Batavia, USA]

## *Abstract*

Cryomodule 1 of the Fermilab SRF Accelerator Test Facility has recently been commissioned. First results are presented from the simultaneous compensation of Lorentz force detuning in all eight of the 1.3 GHz Tesla style superconducting cavities.
