

CYC 2016

A scenic view of a Swiss town, likely Lucerne, with a lake in the foreground and snow-capped mountains in the background. The town features traditional European architecture with brown roofs and several prominent church spires. The sky is a clear, bright blue.

**21st International Conference on Cyclotrons
and their Applications**

Welcome !

Jacow conferences

With the first edition in 1959 **the cyclotron conference has a long tradition.**

Our team is grateful for the opportunity to organize the 2016 conference in Zürich.
