

A photograph of the Golden Gate Bridge in San Francisco, California, taken from a high angle looking down the length of the bridge towards the city. The bridge's towers and suspension cables are prominent, and the sky is a mix of blue and orange from the setting sun. The water of the bay is visible in the foreground and middle ground.

**14th International Conference on Accelerator and Large
Experimental Physics Control Systems (ICALEPCS)
October 5-11, 2013
San Francisco, California**

LLNL-PRES-500824

**Hosted by
National Ignition Facility
Lawrence Livermore National Lab**
