EPICS at Small Labs

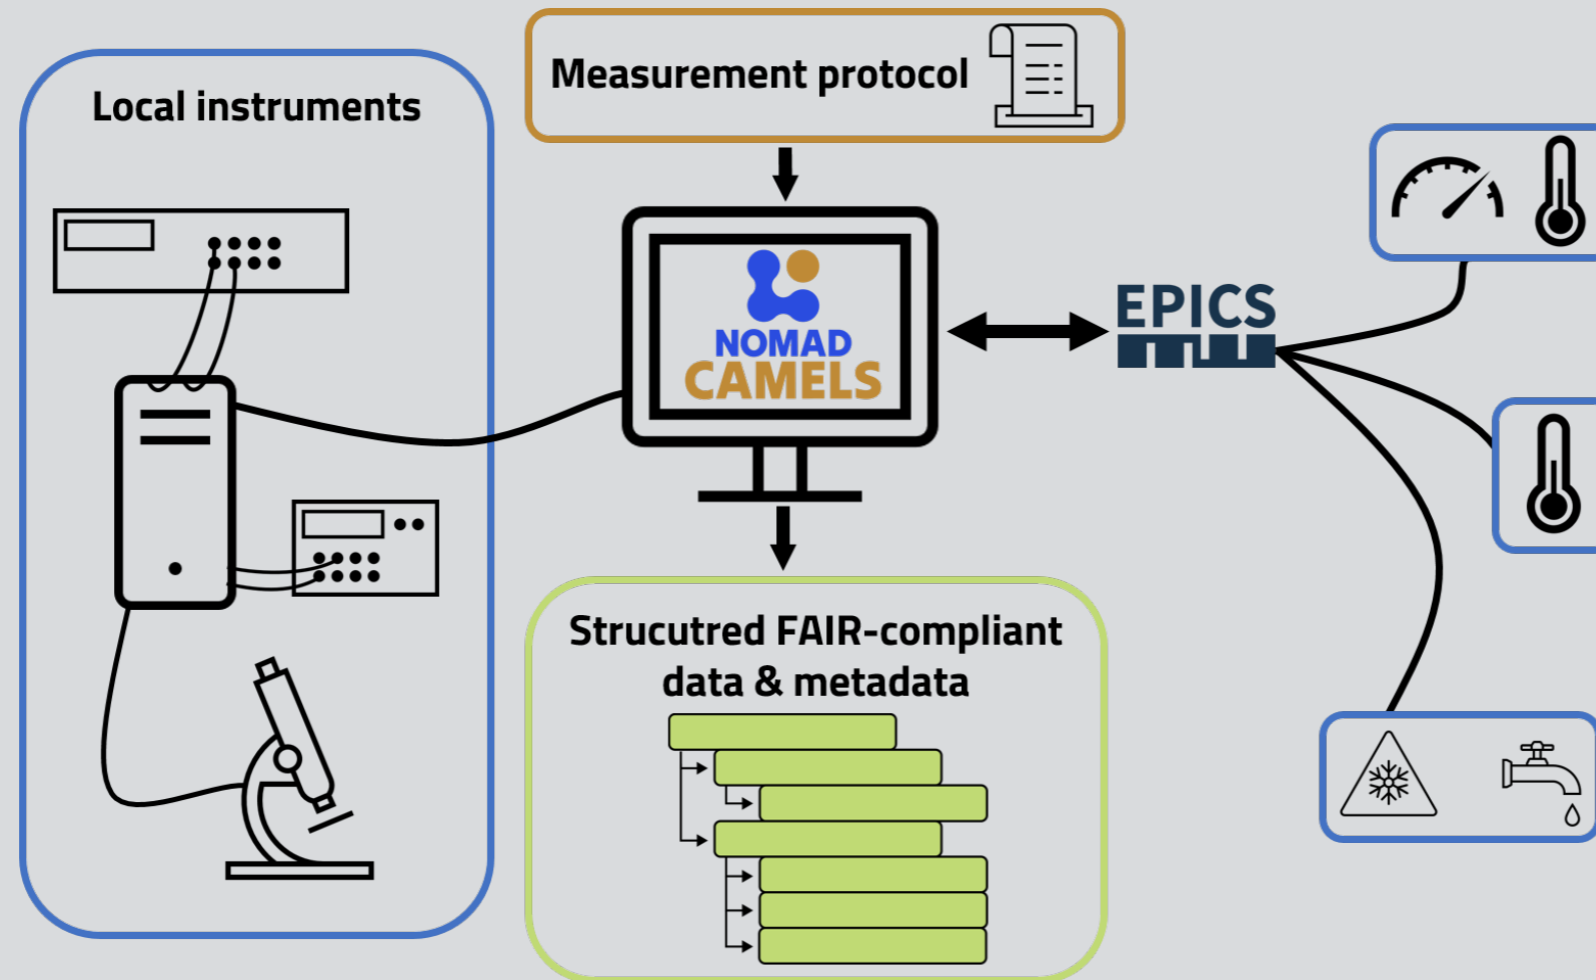

H. Junkes, A. Moshantaf, W. Kirstaedter, P. Oppermann, M. Wesemann, FHI
A. Fuchs, M. Krieger, J. Lehmeier, Universität Erlangen-Nürnberg

We all get older...

TANGO and EPICS accepted (in our community only!)

- high barrier to learn/to understand/to use
- rarely used in small labs
(lack of training, documentation and successfully demonstrated use-cases)
- There is no new blood to develop the systems further

Fast communication with local measurement instruments allowing for real-time visualization of the recorded and time-stamped measurement data
