## New Functionality Tested at LINAC10

Hiroyuki Sako Japan Atomic Energy Agency

JACoW Team Meeting @ BNL 17 Nov 2010

#### New functionalities used in LINAC10

Agenda
 Automatic change from yellow to green dot by authors
 Registrant list

#### Helped a lot to run LINAC10

Utilize "Agenda" to manage download/upload files for oral presentations

Used in the PC to display the presentation at the conference room

- Display the conference program
- Download transparency /movie files
- Upload last-minute transparency files
- Anyone (with and without login to SPMS) can see the program
- But, only with an administrator SPMS account, download and upload transparencies/movies are possible.

### Agenda (public mode)

Program

Public mode
 Only displays the program
 Download not possible

### Agenda (administrator mode)

### Agenda settings(1)

In system parameters->User

"Users can see the Agenda"=Yes

Allow any users (login not required) to view the agenda.

- To download transparency/movie files (admin. Mode)
  - In Editor/Proceedings Administration->File Types
  - Set "Transparency" Flag to "Yes" for Transparencies, Movies

### Agenda Settings (2)

- Define an authorized user who can download and upload transparencies/movies.
  - Define a function role ("Agenda Admin") to maintain Agenda

Associate "Agenda Admin" with an authorized user

#### Automatic yellow->green dot

- 1. When a yellow dot is assigned, an E-mail will be sent to the primary author and/or speaker/presenter
- 2. The E-mail will contain the text entered in the Dot code maintenance table
- 3. The email will include a link into SPMS to display the paper PDF file and allow the user to accept or reject the changes.
- 4. If the user accepts the changes the Dot changes to green (Comments optional)
- 5. If the user rejects the changes an E-mail goes to the Conference Administrator (Comments required)
- 6. In each case (accept or reject) the log reflects that the user performed the Dot reassignment.
